

Dataset Name:

UNISA Outgoing International Mobility Dataset 2023–2024

Dataset Description:

This dataset contains detailed information on outgoing Erasmus+ students from the University of Salerno (UNISA) during the academic year 2023–2024. It includes data on students' degree programs, destination universities and countries, gender, mobility activities, and citizenship status.

Authors:

UNISA WP8 Team

Reasons for this dataset:

The dataset was developed to support transparency, data-driven decision-making, and open science within the framework of NEOLAiA WP8 activities. It aims to provide a comprehensive view of student mobility flows from UNISA to international partner institutions, supporting institutional development and comparative studies across European universities.

Validity and traceability of information, sources, websites:

All information has been obtained from the official Erasmus+ mobility records maintained by UNISA's Internationalization Office.

Dataset limitations:

Some fields may be partially incomplete due to the unavailability of certain data at the time of extraction.
