Dataset Name: Enrollment_Data_2025_2026

Dataset Description: This dataset contains detailed enrollment information for the University of Nicosia (UNIC) during the 2025–2026 academic year. It includes data on student numbers, demographics, study modes, academic programmes, and related institutional classifications.

Author: Nicolas Ioannides, Director of Academic Affairs

Reasons for this dataset: The dataset was created to document and analyze student enrollment across all faculties and programmes at UNIC for the 2025–2026 academic year.

Validity and traceability of information, sources, websites: All information in this dataset was obtained directly from UNIC's internal academic records and verified by the Office of Academic Affairs.

Dataset limitations: Minor rounding differences may occur in totals due to data aggregation. No personally identifiable information is included.

Number of rows: 144
Number of columns: 21
