

Dataset Name:

EU Funded Projects (2021–2027) – Šiauliai State University of Applied Sciences

Dataset Description:

This dataset presents a structured overview of EU-funded projects in which Šiauliai State University of Applied Sciences (SVAKO) participated during the 2021–2027 EU programming period. Each row corresponds to a unique project and provides details such as project ID, title, duration, funding programme, description, URL links, and SVAKO's role. The dataset includes projects primarily funded by the Erasmus+ Programme, under actions such as KA131, KA171, and KA220, which relate to student and staff mobility, capacity building, and cooperation partnerships. Several projects are ongoing, while others are completed.

Authors:

WP8 Team - Šiauliai State University of Applied Sciences

Reasons for this dataset:

The purpose of this dataset is to document and present the participation of Šiauliai State University of Applied Sciences (SVAKO) in EU-funded projects during the 2021–2027 programming period. By collecting data on project types, funding programmes, durations, and SVAKO's roles, the dataset serves as a practical tool for strategic planning, institutional development, and informed decision-making within the university.

Additionally, the dataset supports transparency and knowledge sharing within the NEOLAiA alliance by showcasing SVAKO's contributions to international collaboration in higher education.

Validity and traceability of information, sources, websites:

Information in this dataset was retrieved from:

- The official Erasmus+ Project Results Platform;
- The institutional website of SVAKO: <https://svako.lt>;
- Public project dissemination portals (e.g., project-specific pages like DIM4HE, NEOLAiA, FTDCHÉ);

Dataset limitations:

Some budget or financial contribution fields are not filled out due to lack of public disclosure;

Number of rows:

10

Number of columns:

Columns:

- Project ID – Unique identifier assigned by the EU
- Project acronym – Short name of the project
- Status – Project progress (e.g., Ongoing, Completed)
- Title – Full project title
- Project URL – Link to official EU project page
- Project URL 2 – Additional reference link (e.g., SVAKO page)
- Description – Summary of the project objectives and scope
- Start date – Project start date (YYYY-MM-DD)
- End date – Project end date (YYYY-MM-DD)
- Organisation name - "Šiaulių valstybinė kolegija"
- Organisation name ENG – "Šiauliai State University of Applied Sciences"
- Organisation ID – EU participant ID
- VAT Number organisation – Legal VAT ID
- Organisation country – Country of registration (Lithuania)
- Geographical coordinates Organisation – Latitude and longitude of SVAKO
- Organization URL – Institutional website
- Programme – Name of the EU programme
- Key Action – Specific action line
- Call – Reference to the specific funding call
- Role of University – SVAKO's role (e.g., Partner, Coordinator)
- Total cost project – Overall project budget
- EU Contribution – Total EU funding allocated to the project
- EC Contribution per partner – Funding received by SVAKO
- Number of Participants – Total institutions involved in the project
