

Dataset Name:

SVAKO Incoming International Mobility dataset 2024-2025

Dataset Description:

This dataset contains all the information needed about the incoming international students who are enrolled in the exchange program at Šiauliai State University of Applied Sciences during the 2024-2025 academic year. The data includes information about student demographics, their academic backgrounds, the type and duration of their mobility (semester studies, internships, and Blended Intensive Programmes), and which departments hosted them at the university.

Authors:

SVAKO WP8 Team

Reasons for this dataset:

This dataset was developed to enhance institutional transparency and support evidence-based decision-making in international education. It serves multiple purposes including strategic planning for international partnerships, assessment of mobility program effectiveness, and contribution to regional studies on European student exchange patterns.

Validity and traceability of information, sources, websites:

The information contained within this dataset has been extracted exclusively from official student mobility records maintained by the International Relations Office of Šiauliai State University of Applied Sciences. All data points have been verified against original documentation and administrative records to ensure accuracy and reliability.

Dataset limitations

Certain data fields may contain incomplete information due to administrative limitations or student privacy considerations. Specifically, detailed information regarding specific academic activities undertaken during mobility periods (such as exams, thesis work, or internships) is not documented in the activity-related columns.

Number of rows:

46

Number of columns:

27

Columns:

- **Course of study/ Subject area** - Name of the study program or subject area (in the original language).
- **Course of study ENG** - English translation of the study program or subject area.
- **Course of study type** - Type of study program (e.g., Bachelor's semester studies, internship, BIP) in the original language.

- **Course of study type ENG** - English translation of the study program type.
- **Home University** - Name of the student's home university.
- **Home university geographical coordinates** – Geographic location (address) of the home university.
- **Home university country** - Country of the home university.
- **NEOLAiA University** - Indicates whether the home university is a NEOLAiA Alliance member.
- **Number of male students** - Number of male students involved in the mobility flow.
- **Number of female students** - Number of female students involved in the mobility flow.
- **Number of total students** - Total number of students involved in the mobility flow.
- **Host Facility** - Host department/faculty at SVAKO (in the original language).
- **Host Facility ENG** - English translation of the host department/faculty.
- **Host University** – Name of the host university (SVAKO).
- **Host University ENG** - English name of the host university.
- **Host university geographical coordinates** - Geographic location (address) of the host university.
- **Host university Country** - Country of the host university (Lithuania).
- **ISCED** - International Standard Classification of Education code for the subject area.
- **Number of students with National citizenship** - Number of students with Lithuanian citizenship.
- **Number of students with EU citizenship** - Number of students with EU citizenship.
- **Number of students with Non-EU citizenship** - Number of students with non-EU citizenship.
- **Activity: Exams** - Students involved in exam activities.
- **Activity: Thesis** - Students involved in thesis-related activities.
- **Activity: internship** - Students doing an internship.
- **Activity: Exams/thesis** - Students involved in both exams and thesis work.
- **Activity: Exams/internship** - Students engaged in exams and internship.
- **Activity: Thesis/internship** - Students engaged in thesis work and internship.
