Methodological notes

Bielefeld University – Degree Programmes

Dataset Name:
Bielefeld University Degrees

Dataset Description:
This dataset consists of a table containing information regarding all the degree programmes offered at Bielefeld University in the academic year 2023/2024. Each degree programme's row contains basic information on the programme and its status at the university, including data on the number of students signed up for the programme in the given AY.

Authors:
Controlling SL, Bielefeld University
WP8 UNIBI Team

Reasons for this dataset:
The dataset is intended to convey information on the university's current status in terms of the degree programmes it offers and the students it presently has registered.

Validity and traceability of information, sources, websites:
All information within the table was provided by the department "Controlling SL" of Bielefeld university. Basic information, such as the names of the degree programmes, the faculties they are taught at, or the location of the faculty buildings, can be found on the university's website.

Dataset limitations
There are no information for the National Classification field. Due to data protection regulations at Bielefeld University, there are no data on gender statistics included.

Number of rows:
203 rows

Number of columns:
21 columns

Columns:
