

Dataset Name:

UNIC Student Mobility – Outgoing (2024–25)

Dataset Description:

This dataset records the outgoing student mobility from the University of Nicosia under the Erasmus+ programme and other mobility initiatives during the academic year 2024–2025. It includes detailed information on study programmes, host institutions, types of mobility activity, and demographics of participating students.

Authors:

Andreas Delladetsimas, Marianna A. Michael, and members of the UNIC Erasmus Office

Reasons for this dataset:

To monitor student mobility trends and support the University of Nicosia's internationalisation and academic exchange efforts.

Validity and traceability of information, sources, websites:

Information provided internally by the Erasmus Office of the University of Nicosia. All data are verified and cross-checked with official records.

Dataset limitations:

The course of study type field in the home university's language is unavailable for some entries. Activity-type fields (exams, thesis, internship) capture only the formally categorised activities for each student and may not reflect the full scope of academic experiences during the mobility period.

Number of rows:

47 (excluding header)

Number of columns:

25

Columns:

1. Course of study – Name of the academic program or subject area at the home university (in the original language).
2. Course of study ENG – English translation of the academic program or subject area.
3. Course of study type – Type or level of the program (e.g., Bachelor's, Master's, PhD) in the original language.
4. Course of study type ENG – English translation of the program level or type.
5. Home University – Name of the university sending the student abroad.
6. Home University ENG – English version of the home university's name.
7. Home university geographical coordinates – geographical coordinates of the home university location.
8. Home university country – Country where the home university is located.
9. Number of male students – Number of male students participating in the outgoing mobility.

10. Number of female students – Number of female students participating in the outgoing mobility.
11. Number of total students – Total number of outgoing students (sum of male and female students).
12. Host University – Name of the university where the student is going (host institution).
13. Host university geographical coordinates – Latitude and longitude of the host university.
14. Host university Country – Country where the host university is located.
15. NEOLAiA University – Indicates whether the host university is part of the NEOLAiA alliance.
16. ISCED – International Standard Classification of Education (ISCED) code representing the subject area.
17. Number of students with National citizenship – Number of students with citizenship of the home (sending) country.
18. Number of students with EU citizenship – Number of students holding citizenship from a European Union country.
19. Number of students with Non-EU citizenship – Number of students who are citizens of countries outside the European Union.
20. Activity: Exams – Number of students going abroad primarily for exams.
21. Activity: Thesis – Number of students conducting thesis work during mobility.
22. Activity: Internship – Number of students participating in internships during the mobility.
23. Activity: Exams/thesis – Number of students combining exams and thesis activities.
24. Activity: Exams/internship – Number of students combining exams with an internship.
25. Activity: Thesis/internship – Number of students combining thesis work with an internship.
