

## USV Methodological Notes

### Dataset Name:

"Stefan cel Mare" University from Suceava USV Timeline

### Dataset Description:

This dataset provides a comprehensive timeline of significant events at the "Stefan cel Mare" University from Suceava. It includes key information such as the date and year of each event, event name, and a brief description. The events have associated images, with details about the image's author and license. Additionally, geographic information and relevant URLs are included to enhance context and accessibility.

### Authors:

WP8 "Stefan cel Mare" University from Suceava (USV) Team.

### Reasons for this dataset:

This dataset is designed to catalog and provide detailed information about historical events relevant to the "Stefan cel Mare" University from Suceava. The information present in this dataset enhances public knowledge and engagement by making historical information accessible, provides students with a rich repository of historical events for research and study and maintains a comprehensive record of significant historical events for institutional memory and archival purposes.

### Validity and traceability of information, sources, websites:

The data is collected from reputable sources including the official site of the "Stefan cel Mare University" from Suceava - <https://usv.ro/>, the historical archives, and verified online resources.

### Dataset limitations

The dataset has certain limitations, including missing images and URL`s for some events and incomplete date information, as the entries only include the year rather than specific dates.

### Number of rows:

134 rows

### Number of columns:

9 columns

### Columns:

Date: The specific day and month of the event, when available; otherwise, the year of the occurrence.

Year: The year in which the event took place.

Event name: The specific title or designation given to the event.

Brief event description: A concise summary that provides essential information about the event. This description helps to quickly understand what the event is about and its importance and impact on the university.

Image: A visual representation associated with the event, enhancing understanding and engagement.

Image author: The name of the individual or organization that created or owns the image. Image

license: The licensing information for the image, indicating how it can be used or shared.

Geographic coordinates: Details regarding the location of the event, which includes the university's campus. The latitude and longitude of the event's location.

URL: A link to additional information or sources related to the event, providing context and verification.
