

Methodological notes

University of Jaén (UJA) – Degree programmes 2023-2024

Dataset Name:

UJA Degree programmes 2023-2024

Dataset Description:

This dataset consists of a table containing information regarding all the degree programmes offered at the University of Jaén (UJA) in the academic year 2023/2024. Each row includes basic information about the programme, such as the name, International Standard Classification of Education (ISCED) fields and codes, and number of registered students, among other data.

Authors:

Bienvenida Gilbert López, Ph.D.

Marta Teba Cabrera

Mario Fernández Carrasco

Reasons for this dataset:

The dataset is intended to convey information on the university's current academic offer in terms of the degree programmes and the students registered in the academic year 2023/2024.

Validity and traceability of information, sources, websites:

The information was obtained from the Statistical Yearbook of the University of Jaén, and from the official documents of each degree programme, which are publicly available on the university's website (www.ujaen.es).

Dataset limitations

There is no information for the National Classification field. In this column, we have included the ISCED Fields of Education and Training recorded in the official documents of the given degree programme (usually two ISCED Fields). The corresponding ISCED codes have been divided in two columns, namely ISCED1 and ISCED2.

In the case of coexisting old and new versions for the same degree programme, added values of the two versions have been provided as the total the number of students. This is the case of the Bachelor's degree in Geography and History, Bachelor's degree in Art History, Master's degree in Marketing and Consumer Behaviour, Master's degree in Law and Procurement, and Master's degree in Research and Teaching in Physical Activity and Health Science.

Data regarding ages of the students was not available for Master's and PhD's programmes.

Number of rows:

There are 128 rows in the dataset, with the first one containing column headings.

Number of columns:

There are 22 columns in the dataset.

Columns:

The following section contains a description of the column content. The column description is preceded by the title.

- **Acronym:**
The university's acronym
- **University:**
Name of University in Spanish
- **University ENG:**
Name of University in English
- **Facility of degree programme:**
The faculty at which each degree programme is taught, listed in Spanish
- **Facility of degree programme ENG:**
The faculty, school or university centre responsible for each degree programme, listed in English
- **Course of Study:**
The title of the given degree programme/course of study in Spanish
- **Course of Study ENG:**
The title of the given degree programme/course of study in English
- **National Classification:**
International Standard Classification of Education (ISCED) Field of Education and Training for the given course of study, in Spanish
- **National Classification ENG:**
International Standard Classification of Education (ISCED) Field of Education and Training for the given course of study, in English
- **Course of study type:**
The level of education (Bachelor, Master, etc.) for the given course of study in Spanish
- **Course of study type ENG:**
The level of education (Bachelor, Master, etc.) for the given course of study in English
- **European qualifications framework – EQF:**
The EQF number for the given course of study
- **ISCED1:**
The International Standard Classification of Education code selected first place for the given course of study

- ISCED2:
The International Standard Classification of Education code selected second place for the given course of study
- Gender – No answer:
Empty column
- Gender Female:
The number of female students registered for the given course of study in the academic year 2023-24
- Gender Male:
The number of male students registered for the given course of study in the academic year 2023-24
- Total:
The total number of students registered for the given course of study in the academic year 2023-24
- Geographical Information:
The coordinates for the faculty, centre, or school responsible for the management of the course
- Minor or equal 20 years:
The number of students registered for the given course of study who are 20 years old or younger.
- 21-39 years:
The number of students registered for the given course of study who are 21 to 39 years old.
- 40+ years:
The number of students registered for the given course of study who are 40 years old or older.
